Important Questions	Answers	Why This Matters:
What is the overall deductible?	In-network deductible Individual \$200 / Family \$400; Out-of-network: Individual \$750 / Family \$1,500.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of the deductible expenses paid by all family members meet the overall family deductible .
Are there services covered before you meet your deductible?	Yes. In-network preventive services are covered before the deductible is met.	For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	The out-of-pocket limit for the medical coverage is salary based. For the Prescription Plan the limit is Individual \$3,500/Family \$7,000.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. Medical out-of-pocket limit for in-network: \$75,000 and under \$1,550 individual/\$3,100 family; \$75,001-\$150,000 \$2,350 individual/\$4,700 family; \$150,0001 and over \$3,100 individual/\$6,200 family. Out-of-network: \$75,000 and under \$4,500 individual/\$9,000 family; \$75,001-\$150,000 \$4,700 individual/\$9,400 family; \$150,0001 and over \$6,200 individual/\$12,400 family.
What is not included in the out-of-pocket limit?	Premiums , balance-billing charges, penalties for prescriptions, failure to obtain pre-authorization for services, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider?	Yes. See www.aetna.com/dse/princeton	You pay the least if you use a provider in the plan's Network. You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference
